T.I.P THE ROOT OF

**Welcoming to the journey were you:
Design With Purpose.
Build With Structure.
Measure What Matters**

Change does not start at the surface, it starts at the root. TAP Into Your Purpose partners with organizations to design and customize purpose driven curricula through strategic consultation, building learning frameworks that are scalable, measurable, and built for impact.

Each program is tailored to align with the unique goals of the organization, ensuring that every participant's journey is meaningful and transformative.

By delving deep into the core values and mission, T.I.P crafts experiences that not only educate but also inspire.

As we plant the seeds of change, we nurture growth that resonates from the inside out, fostering environments where innovation thrives and potential is unlocked. Together, we lay the foundation for sustainable success, one purposeful step at a time.

PURPOSE ALIGNMENT WORKSHEET

Because purpose is clarified through alignment. This worksheet is a guided reflection tool designed to help individuals and organizations connect values, skills, vision, and action. It helps identify where daily activities support, or contradict, stated purpose, and provides structured prompts to realign direction with intention.

Proper analysis ensures that all stakeholders have a clear understanding of the project goals, requirements, and potential challenges. This phase allows teams to gather necessary data, assess risks, and outline a strategic plan that aligns with the overall objectives.

Core Values

List 5 non-negotiable values:

1. _____
2. _____
3. _____
4. _____
5. _____

Alignment Grid

My Skills _____
My Passion _____
My Opportunity _____
